A soft-focus photograph of a field of pink crocus flowers. The flowers are in sharp focus in the foreground, with a blurred background of more flowers and greenery.

Thoughts can be in the head, on paper or sometimes  
in the pictures.

*The wheel of history cannot be stopped  
and with each new revolution it inevitably  
moves our civilisation forward.*

*Everything high is constantly flowing  
into this world and everything low  
is continuously leaking out.*

Of course,  
new shapes  
may not  
always seem  
habitual  
to our eye.

*But, let's consider high fashion!  
At first, it seems a little strange, then it  
seems somewhat normal and later – even  
becomes quite beautiful.*

*In addition, echoes of this civilization may sometimes be seen in some of the most unexpected areas.*

*However, civilization has one particular feature: it is only able to change and improve everything external.*

*The inner essence of the world always  
remains unchangeable. It is impossible  
to improve anything there...*

So, the eternal values have always  
been and will always be love,

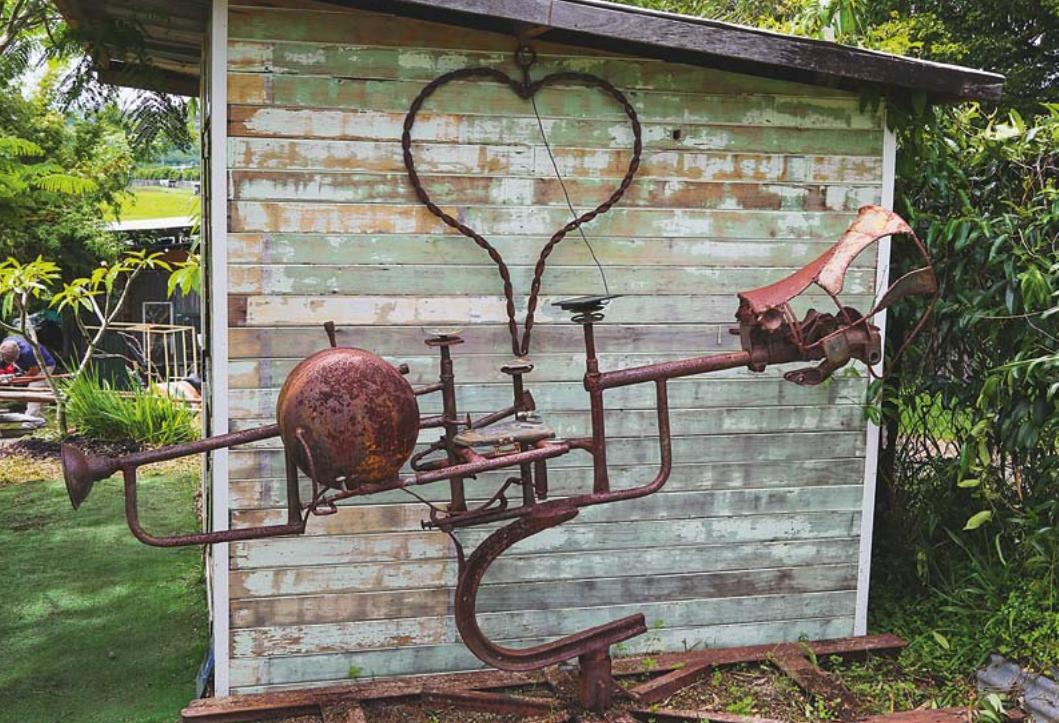

*...kindness,*

*...the desire to  
share everything,*

*...the wish to give people  
a holiday and much more.*

Love even has the power over time.  
(If after everything that we have done with  
love, it is not used anywhere, it will not  
deteriorate even in a thousand years).

The love can vary.  
For the people, it is often connected  
with the choice of their life partner.

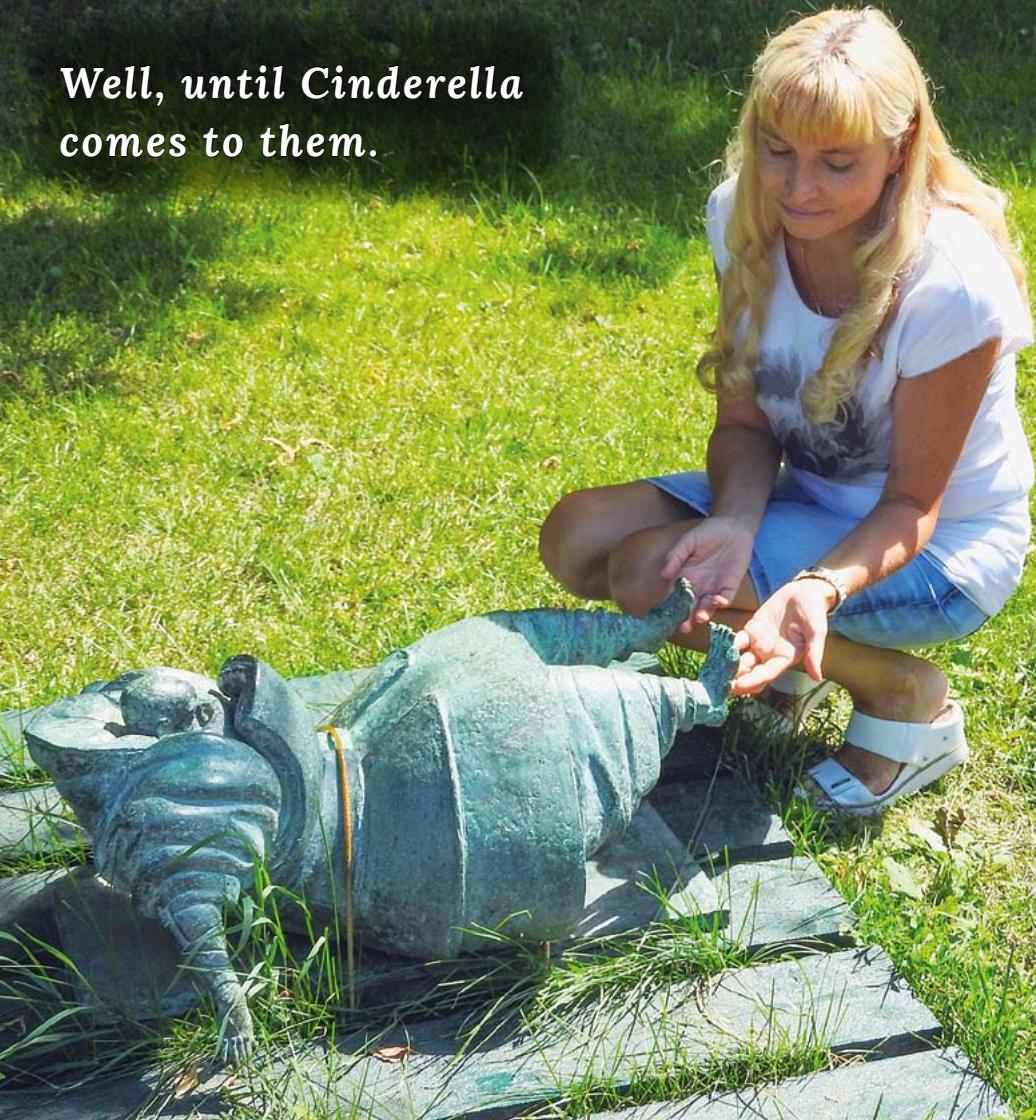

Guys look for their other half in different ways. Those, who prefer Cinderellas, park their carriage in a prominent place,

*...select a couple  
of horses for it  
it and wait.*

*Well, until Cinderella  
comes to them.*

And those,  
who prefer  
a romantic  
Assol...

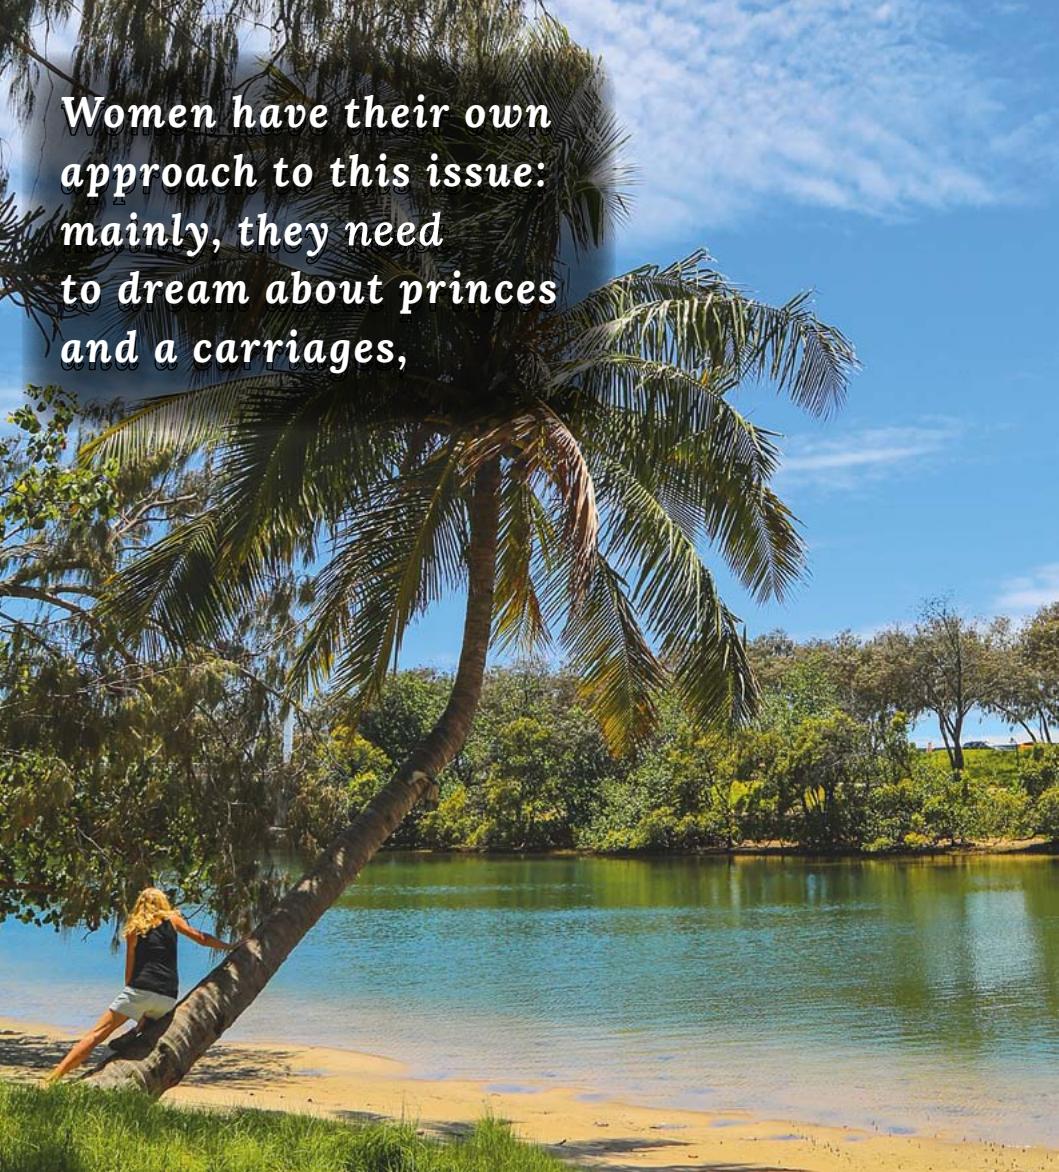

*...buy yachts and set scarlet sails on them.  
In particular, a white-coloured yacht means  
the owner is looking for a blond Assol,*

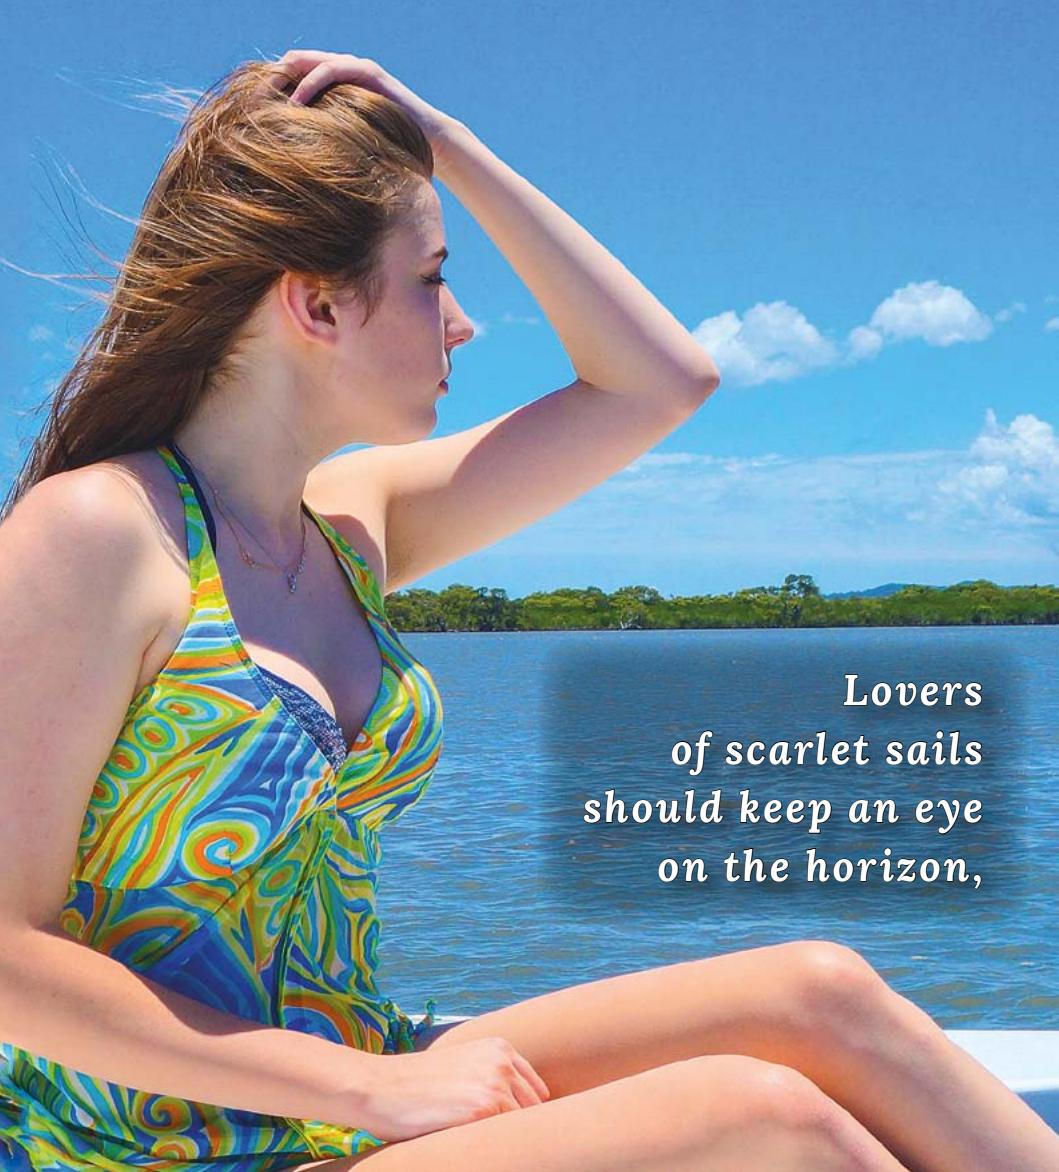

*...and a black one means  
a brunette Assol.*

*Women have their own  
approach to this issue:  
mainly, they need  
to dream about princes  
and a carriages,*

*...and when a suitable individual comes,  
they master the art of looking  
at him in the right way.*

A woman with long brown hair is sitting on a boat, looking out over a body of water. She is wearing a colorful, patterned swimsuit with a blue, green, and orange design. Her right hand is resting on her head, and she is wearing a small necklace. The background shows a distant shoreline with green trees under a clear blue sky with a few white clouds.

*Lovers  
of scarlet sails  
should keep an eye  
on the horizon,*

*...and in the event of an appearance –  
they should not hesitate.*

However, it is not enough to just meet our love in life. It is much more important to preserve it.

*And here, we have to understand  
that any our resentment,*

*...any anger and pertinacity,*

*...is a step away from the most important,  
from the human inside us. Little by  
little this destroys our relationship.*

*That is why it is so important  
to quickly forgive, to reconcile  
and to return to love again.*

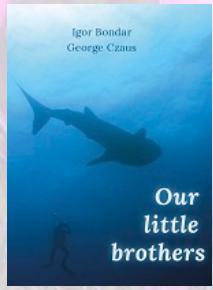

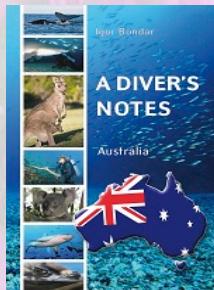

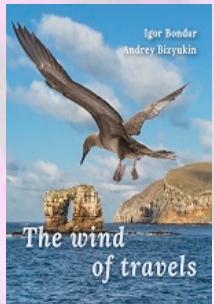

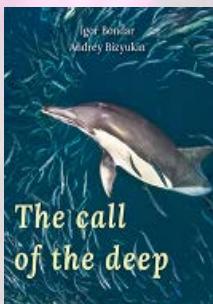

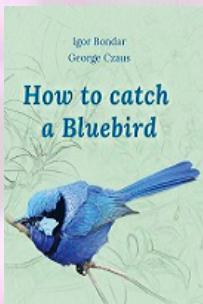

*Forgiveness, kindness and love –  
are our wings in this life. Without  
them we can walk but cannot fly.*
